Florida Virtual School® Full Time Offers Information Sessions for Prospective Families

Orlando, FL (Apr. 3, 2018) – Florida Virtual School (FLVS®), a statewide online public school district, recently opened enrollment for the 2018-19 school year in FLVS Full Time, a fully accredited Kindergarten through grade 12 public school that is tuition-free and open to all Florida students.

Combining Florida-certified teachers, technology tools, and community experience, FLVS Full Time delivers a high-quality online education to students who benefit from an individualized approach to learning. Designed for those who may need more flexibility, more of a challenge, or who may perform better outside of a traditional classroom, FLVS Full Time gives students the freedom to follow their own unique path to learning while building one-on-one relationships with teachers.

Students attend school from August to June, take a full course load (six courses per semester), and participate in required state testing. FLVS Full Time offers core, elective, honors, and Advanced Placement courses, and students who qualify can earn college credit through dual enrollment opportunities. As a school of record, FLVS Full Time grants diplomas to students who meet Florida graduation requirements. Students are also encouraged to explore shared interests and connect with their peers through various clubs and other social activities.

Families interested in enrolling their students in FLVS Full Time program are encouraged to attend an upcoming information session to learn more about the school. These helpful sessions are great opportunities to connect with principals and staff, have questions answered, and learn about the enrollment process. The sessions will take place from April through July. Families should visit flvs.net/fulltime/more to register for a convenient online information session.
